

# 1RU LGX Compact Patch Panel

Sumitomo Electric Lightwave's 1RU LGX Compact Patch Panel is designed for applications with limited space and requiring hardware with an efficient and small-scale footprint. The 1RU LGX Compact Patch Panel houses up to 3 LGX format components such as the PrecisionFlex® FOX Splice Cassettes, MPO Cassettes, or Interconnect Panels. The design has built in cable management routing and securing features including a lacing bar in the rear and bridge lances in the front. Port identification is easy with a slide out label tray accessible under the front ledge.

## BENEFITS

- Easy Ability to Keep Track of Ports
- Applicable for Limited Spaces
- Efficient and Provides Small Scale Footprint
- Help to Manage Connectivity Cordage
- Works Well With LGX Compatible Components Such as the PrecisionFlex® FOX Splice Cassettes, MPO Cassettes, and Interconnect Panels

## FEATURES

- Compact Design
- Slide-out Label Tray for Port Identification
- 3 LGX Compatible Faceplates Spaces
- Lacing Bar to Secure Cables
- Bridge Lances
- Mounts in 19-in Rack

## APPLICATION & RECOMMENDED USE

### PRECISIONFLEX® FOX SPLICE CASSETTES & LGX OPTIONS

- Eliminates the Need for Splice Trays, Fanout Kits & Interconnect Panels
- Extremely Flexible Design
- Clear Top to See All Components Inside
- LGX Footprint

### FIBER OPTIC CABLE

- Standard Flat Ribbon Cables; Pliable Freeform Ribbon™ Cables; Loose Tube Cables
