

Liquid-Tight Strain Relief Kellems Grips

Sumitomo Electric Lightwave’s Liquid-Tight Kellems Grips provide a way to effectively seal and anchor the end of a tube-cable to a tube-distribution unit entry point in wet locations. The tube cable end is held firmly in place, while providing the needed strain relief. The liquid-tight grips provide protection from liquids, dust, and other materials from entering the enclosures. Adapter bushings can be used to help seal uniquely shaped tube cables. Additionally, end caps can be utilized to seal unoccupied kellems grips.

FEATURES

- liquid-tight strain relief
- galvanized steel-mesh grip provides uniformly distributed compression
- tapered rubber for uniquely shaped tube cables
- optional end caps for unoccupied kellems grips
- no special tools required

BENEFITS

- helps to prevent water and dust
- used in various wet locations
- reduces tension on cable and enclosures
- suited for indoor or outdoor tube-distribution units
- end caps provide additional protection before tube cables are installed

ORDERING INFORMATION

PART NUMBER	COMPATIBLE TUBE CABLES & TAPERED BUSHINGS
DELTKG1	TC07TOX, TC07MSOS, TC07MTIO, DE02TOX (TC02TOX, TC02MSOS, TC02MTIO), DE04TOD (TC04TOD, TC04MSOS, TC04MTIO)
DELTKG2	TC02MTIO-4, TC02TOX-2, TC02MSOS-2
DELTKG3	TC04TOD-2, TC04MSOS-2, TC04MTIO-4
DELTKG4	TC19MSOS
DELTKG5	TC07TOX-2, TC07MSOS-2, TC07MTIO-4, DE12TOX (TC12TOX, TC12MSOS, TC12MTIO)
DELTKG6	TC19TOX, TC19MTIO, DE12TOX (TC12TOX-2, TC12MSOS-2, TC12MTIO-4)
DELTKG7	TC24TOX, TC24MSOS, TC19TOX-2, TC19MSOS-2, TC19MTIO-4

ACCESSORIES

PART NUMBER	DESCRIPTION	COMPATIBLE ITEM
DE02TOX	tapered bushing for 2-tube cables	DELTKG1
DE04TOD	tapered bushing for 4-tube cables	DELTKG1
DE12TOX	tapered bushing for 12-tube cables	DELTKG6
DE24TOX	tapered bushing for 24-tube cables	DELTKG7
DE5KCAP	end caps	DELTKG1
DE6KCAP	end caps	DELTKG2, DELTKG3, DELTKG5, DELTKG6
DE7KCAP	end caps	DELTKG7
